

Coding with

SCRATCH

Do you want to learn beginning computer coding? When students learn *Scratch*, they learn important problem solving skills for designing projects and presenting ideas.

Scratch is a project of the Lifelong Kindergarten group at the MIT Media Lab. It is available for free at <http://scratch.mit.edu>.

This class is ideal for 1st-5th grade. It will be offered on Mondays after school beginning January 7, through May 20, 2019, from 3:20-4:15.

The semester cost is \$180.00 and includes one class each week.

Please make checks payable to Esther Evans.

Pick up your child from the Questa Computer Lab at 4:15.

Any student not picked up will be sent to daycare at 4:25.

For more information contact Esther Evans at 298-7626.

Please detach and return bottom portion with payment.
