

Presented by Mrs. Cervantes

- Creative problem solving
 - Concentration
 - Designing
- Planning & organizing
 - Teamwork
- Communication
- Independent thinking

Favorite topics, such as outer space, monsters, machines, and sea and land travel, provide the platform for children's creative building and problem-solving activities, using a wide selection of LEGOs.

Each student will work with a single kit of LEGOs to comply with COVID safe practices.

Who: 1st-2nd grade students
When: Tuesdays from 3:15-4:15*
August 25 to October 13, 2020
Cost: \$90

*Students who are not picked up by 4:20 will be taken to daycare.

Club is limited to 10 members.

Return form below with payment to the school office. Please make checks payable to **Caroline Cervantes**.
In-person registration only. Please do not respond by email or phone.
