

Coding with

SCRATCH

Do you want to learn beginning computer coding? When students learn *Scratch*, they learn important problem solving skills for designing projects and presenting ideas.

Scratch is a project of the Lifelong Kindergarten group at the MIT Media Lab. It is available for free at <http://scratch.mit.edu>.

This class is ideal for 3rd-4th grade. It will be offered on Wednesdays after school beginning August 19 through October 14, 2020, from 3:20-4:15.

The session cost is \$90 and includes one class each week.
Any student not picked up will be sent to daycare at 4:25.
For more information contact Esther Evans at 298-7626.

Club is limited to 16 members.

Return form below with payment to the school office. Please make checks payable to **Esther Evans**.
In-person registration only. Please do not respond by email or phone.

Detach and return to the office the bottom portion of this form with payment.

Coding with Scratch (Wednesdays)
